INDEPENDENT AUDITOR'S REPORT

Housing Authority of Sabine Parish Many, Louisiana

We have audited the accompanying basic financial statements of the Housing Authority of Sabine Parish as of and for the year ended December 31, 2009, as listed in the table of contents. These basic financial statements are the responsibility of the Housing Authority's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Housing Authority of Sabine Parish, as of December 31, 2009, and the respective changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated May 7, 2010, on our consideration of the Housing Authority of Sabine Parish's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The management's discussion and analysis is not a required part of the basic financial statements but is supplementary information required by Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the authority's basic financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non Profit Organizations, and is not a required part of the basic financial statements. The accompanying Financial Data Schedule, required by HUD, supplementary schedules, statements and information are presented for purposes of additional analysis, and are also not a required part of the basic financial statements. The schedule of expenditures of federal awards, Financial Data Schedule, supplementary schedules, statements and information have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)

December 31, 2009

Management's Discussion and Analysis (MD&A) December 31, 2009

As management of the Housing Authority of Sabine Parish, we offer readers of the authority's financial statements this narrative overview and analysis of the financial activities of the authority for the fiscal year ended December 31, 2009. We encourage readers to consider the information presented here in conjunction with the authority's financial statements, which are attached.

Financial Highlights

- The assets of the authority exceeded its liabilities at the close of the most recent fiscal year by \$3,987,900 (net assets).
- As of the close of the current fiscal year, the authority's ending unrestricted net assets were \$866,220.
- The authority's cash and investments balance at December 31, 2009 was \$947,035.
- The authority had total revenue of \$1,833,681 of which \$1,577,910 was operating revenues and \$255,771 was nonoperating revenues.
- The authority had total expenses of \$1,738,397, of which \$1,390,262 was for operating expenses and \$348,135 was for nonoperating expenses.
- The authority's capital outlay for the year was \$247,809.

Overview of the Financial Statements

The discussion and analysis is intended to serve as an introduction to the authority's basic financial statements. The authority's basic financial statements consist of the Statement of Net Assets, Statement of Revenue, Expenses and Changes in Net Assets, Statement of Cash Flows, and the notes to the financial statements. This report also contains the schedule of expenditures of federal award as supplementary information in addition to the basic financial statements themselves.

The Statement of Net Assets presents information on all of the Housing Authority's assets and liabilities, with the difference between the two reported as net assets. Over time, increases and decreases in net assets may serve as a useful indicator of whether the financial position of the Housing Authority is improving or deteriorating, or otherwise changing in a significant manner.

The Statement of Revenue, Expenses, and Changes in Net assets presents information detailing how the Housing Authority's net assets changed during the fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some times that will only result in cash flows in the future fiscal periods (e.g., earned by not used vacation leave).

Management's Discussion and Analysis (MD&A) December 31, 2009

The Statement of Cash Flows provides information about the Housing Authority's cash receipts and cash payments during the fiscal year. The statement reports cash receipts, cash payments, and net changes in cash resulting form operations, financing and investing activities.

The authority has only one fund type, namely a proprietary fund. The Statement of Net Assets includes all of the authority's assets and liabilities. This fund type is unused for activities which are financed and operated in a manner similar to those in the private sector.

Housing Authority's Significant Programs

The Housing Authority has three programs which are consolidated into a single enterprise fund. The Housing Authority's programs consist of the following:

Low-Income Public Housing

Under the Conventional Public Housing Program, the Housing Authority rents units it owns to low-income families. The Conventional Public Housing Program is operated under an Annual Contribution Contract with HUD, and HUD provides an Operating Subsidy to enable the Housing Authority to provide housing to low income individuals and families.

Capital Fund Program

The Conventional Public Housing Program also includes the Capital Fund Program, the primary funding source for the Housing Authority's physical and management improvements. The funding calculation is based on the size and age of the Housing Authority's units.

Section 8 Housing Assistance – Housing Choice Voucher Program

These Programs assist low-income families in affording decent, safe and sanitary housing by encouraging property owners to construct new, or rehabilitate existing substandard housing, and then lease the units with rental subsidies to low income individual and families.

Reporting on the Housing Authority as a Whole

One of the most important questions asked about the Authorities finances is, "Is the Housing Authority as a whole better off, worse off, as a result of the achievements of the fiscal year 2009?" The Statement of Net Assets and the Statement and the Statement Revenues, Expenses, and Changes in Net Assets report information about the Housing Authority as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

Management's Discussion and Analysis (MD&A) December 31, 2009

NOTES TO THE BASIC FINANCIAL STATEMENTS December 31, 2009

INTRODUCTION

The Housing Authority of Sabine Parish is a 262 unit apartment complex for persons of low income located in Many, Louisiana. The Authority is chartered as a public corporation for the purpose of administering decent, safe and sanitary dwelling for persons of low-income.

Legal title to the Authority is held by the Housing Authority of Sabine Parish, Louisiana, a non-profit corporation. The Authority is engaged in the acquisition, modernization, and administration of low-rent housing. The Authority is administered by a governing Board of Commissioners (the Board), whose members are appointed by the Sabine Parish Police Jury. Each member serves a four-year term and receives no compensation for their services. Substantially all of the Authority's revenue is derived from subsidy contracts with the U. S. Department of Housing and Urban Development (HUD). The annual contributions contracts entered into by the Authority and HUD provide operating subsidies for Authority-owned public housing facilities for eligible individuals.

Under the United States Housing Act of 1937, as amended, the U.S. Department of Housing and Urban Development (HUD) has direct responsibility for administering low-income housing programs in the United States. Accordingly, HUD has entered into a contract with the entity to make annual contributions (subsidies) for the purpose of funding its programs for low-income families.

GASB Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Because the Housing Authority is legally separated and fiscally independent, the Housing Authority is a separate governmental reporting entity. The Housing Authority includes all funds, account groups, activities, etc., that are within the oversight responsibility of the Housing Authority.

The Housing Authority is a related organization of the Sabine Parish Police Jury because the Sabine Parish Police Jury appoints a voting majority of the Housing Authority's governing board. The Sabine Parish Police Jury is not financially responsible for the Housing Authority, as it cannot impose its will on the Housing Authority and there is no possibility for the Housing Authority to provide financial benefit to, or impose financial burdens on, the Sabine Parish Police Jury. According, the Housing Authority is not a component unit of the financial reporting entity of the Sabine Parish Police Jury.

BASIS OF PRESENTATION

As required by Louisiana State Reporting Law (LSA-R.S. 24:514) and HUD regulations, financial statements are presented in accordance with accounting principles generally accepted in the United States of America.

The accounts of the PHA are accounted for under the proprietary fund. Accordingly, the accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America applied to governmental units.

NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED)

Proprietary Fund Type – Proprietary fund is accounted for on the flow of economic resources measurement focus and uses the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The PHA applies all applicable FASB pronouncements in accounting and reporting for its proprietary operations. The PHA's funds include the following type:

Enterprise Fund – Enterprise fund is used to account for those operations that are financed and operated in a manner similar to private business or where the board has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

1. SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

A. BASIC FINANCIAL STATEMENTS

The basic financial statements (i.e., the statement of net assets and the statement of revenues, expenses and changes in net assets) report information on all of the activities of the authority.

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, & FINANCIAL STATEMENT PRESENTATION

The basic financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The accompanying financial statements include the activities of several housing programs subsidized by HUD. A summary of each significant program is provided below.

- Low Income Housing Program The purpose of the low income housing program is to provide decent and affordable housing to low income families at reduced rents. The developments are owned, maintained and managed by the authority. The developments are acquired, developed and modernized under HUD's capital funds programs. Funding of the program operations is provided via federal annual contribution contracts (operating subsidies) and tenant rents (determined as a percentage of family income, adjusted for family composition).
- Capital Fund Program The Conventional Public Housing Program also includes the Capital Fund Program, the primary funding source for the Housing Authority's physical and management improvements. The funding calculation is based on the size and age of the Housing Authority's units.

NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED)

• Section 8 Housing Assistance – Housing Choice Voucher Program – These Programs assist low-income families in affording decent, safe and sanitary housing by encouraging property owners to construct new, or rehabilitate existing substandard housing, and then lease the units with rental subsidies to low income individual and families.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to their same limitation. The authority has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of Interfund activity has been eliminated from the basic financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise operations. Elimination of these charges would distort the direct cost and program revenues reported for the various functions concerned.

Operating revenues and expenses have been reported separately from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The primary operating revenue of the housing authority is derived from tenant revenue. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the housing authority's policy to use restricted resources first, then unrestricted resources as they are needed.

C. Deposits & Investments

The authority's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the authority's investment policy allow the housing authority to invest in collateralized certificated of deposits, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

Investments (bank certificate of deposits in excess of 90 days) for the authority are reported at fair value.

NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED)

D. RECEIVABLES & PAYABLES

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year referred to as either "due to/from other funds" (i.e., the current portion of Interfund loans) or "advances to/from other funds" (i.e., the non-current portion of Interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the accompanying financial statements, are offset by a restriction on net assets. All trade and other receivables are shown net of an allowance for uncollectives.

E. INVENTORIES & PREPAID ITEMS

All inventories are valued at cost using the first-in/first out method. Inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both basic and fund financial statements.

F. RESTRICTED ASSETS

The following accounts are restricted:

Tenant Security Deposit Cash	\$ 51,617
Section 8 HAP Payment	 77,155
Total Restricted	\$ 128,772

G. CAPITAL ASSETS

Capital assets, which include land, buildings, improvements, and equipment, are reported in columns in the basic financial statements. Capital assets are capitalized at historical cost. The PHA maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Buildings	20 Years
Buildings Improvements	10 Years
Nondwelling Structures	10 Years
Vehicles	5 Years

NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED)

H. COMPENSATED ABSENCES

The authority follows the civil service guidelines for vacation and sick leave. Employee's time is accumulated in accordance to hours worked per month. At year-end, time not used is accumulated.

At December 31, 2009, employees of the PHA have accumulated and vested \$38,851 of employee leave benefits, computed in accordance with GASB Codification Section C60. I. LONG-TERM OBLIGATIONS

In the basic financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

Actual results could differ from those estimates.

7. LONG-TERM OBLIGATIONS

To provide for the development and modernization of low-rent housing units, the PHA issued New Housing Authority Bonds and Permanent Notes-FFB. These examinations may result in required refunds by the entity to federal grantors and/or program beneficiaries.

9. ECONOMIC DEPENDENCY

Statement of Financial Accounting Standard (SFAS) No. 14 requires disclosure in financial statements of a situation where one entity provides more than 10% of the audited entity's revenues. 10. <u>COMMITMENTS & CONTINGENCIES</u>

Litigation - The housing authority is not presently involved in litigation.

Construction Projects - There are certain major construction projects in progress as of December 31, 2009. These include modernizing rental units. These projects are being funded by HUD. Funds are requested periodically as the cost is incurred.

Grant Disallowances - The housing authority participates in a number of federally assisted grant programs. Although the grant programs have been audited in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133 through December 31, 2009, these programs are still subject to compliance audits. Housing authority management believes that the amount of disallowances, if any, which may arise from future audits will not be material.

11. RISK MANAGEMENT

The housing authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the housing authority carries commercial insurance.

NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED)

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Housing Authority of Sabine Parish Many, Louisiana

We have audited the financial statements of the Housing Authority of Sabine Parish as of and for the year ended December 31, 2009, which collectively comprise the Housing Authority of Sabine Parish's basic financial statements and have issued our report thereon dated May 7, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Housing Authority of Sabine Parish's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of Sabine Parish's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of Sabine Parish's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority of Sabine Parish's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, federal awarding agencies and Legislative Auditor's Office and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a public document and its distribution is not limited.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Housing Authority of Sabine Parish Many, Louisiana

Compliance

We have audited the compliance of the Housing Authority of Sabine Parish, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2009. The Housing Authority of Sabine Parish's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Housing Authority of Sabine Parish's management. Our responsibility is to express an opinion on the Housing Authority of Sabine Parish's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority of Sabine Parish's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide legal determination on the Housing Authority of Sabine Parish's compliance with those requirements.

In our opinion, the Housing Authority of Sabine Parish, Louisiana, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2009.

Internal Control Over Compliance

The management of the Housing Authority of Sabine Parish is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Housing Authority of Sabine Parish's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of Sabine Parish's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of control deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Legislator Auditor, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties; however, this document is public record and its distribution is not limited.
